➤ Profile

I'm a final-year Computer Engineering student at the **National School of Applied Sciences of Fez**. My curriculum covers a wide range of computer science areas, giving me a broad perspective and versatility. I discovered my true passion in **web development**, and I enjoy building dynamic, responsive, and user-friendly interfaces. I'm currently looking for a **final-year internship** to apply my skills and complete my engineering degree.

➤ Education

- **National School of Applied Sciences, Fez** – Computer Science Engineering, final year of the engineering cycle (**Sept. 2021 – Present**)
- **EURO SCHOOL GROUP Institute, Fez** – Web Development Training, 3 month (**Jun 2022 – Aug 2022**)
- **CPGE Moulay Idriss, Fez** – First year in MPSI (**2020 – 2021**)
- **Mathematics Baccalaureate (2020)**

➤ Skills

- **Programming Languages:** Java, Python, C, C++, Matlab
- **Web Development / Frameworks:** React.js, Express.js, ASP.NET Core, Django
- **Databases:** MySQL, Oracle, MongoDB
- **Tools / DevOps:** Docker, GitHub
- **Critical Thinking** – Participated in problem-solving competitions (UPF Coding Challenge V7, Xtreme 2024)
- **Time Management** – Ability to balance extracurricular activities and studies
- **Event Organization** – Organized Astronomy Day, SPAX IEEE (2024), and IEEE R8 Entrepreneurship (2025)

➤ Experience & Projects

- **Final-year internship:** Development of a Human Resources management solution using the **MERN Stack** (2 months, July – August 2025).
- **Final-year project:** Creation of an e-commerce website for Moroccan products using **React.js**, **Django**, and **SQLite**.
- **Academic project:** Development of a training center management platform using **ASP.NET Core**.
- **Introductory internship:** Development of a citizen consultation management website using **HTML**, **CSS**, **JavaScript**, and **Django** (August 2024).

➤ Languages

- **Arabic** – Native language
- **French** – Fluent
- **English** – Intermediate
